

## New Developments

Jason and I recently journeyed to Mt Gambier to visit the Christian radio station, 104.9 Lime FM, to look at some radio programming software. The software is used to schedule and program all the bits of audio that make up a broadcast, prepare it for transmission and run it to time. There are a number of computer-based systems available that do this job. Large commercial radio stations can spend thousands of dollars on systems that automate many of the processes that put the broadcast content together, and not just in the purchase price of the software but also in paying a regular license fee (the top range programmes can cost \$12,000 per year in fees alone.)

Lime's General Manager, Pete Whiting, was very hospitable and set aside the day especially for us, to demonstrate their system. We were very impressed with the capabilities of the software. Once the initial setup was done, we would be able to reduce the time taken to schedule programming, from hours to literally just seconds. Perhaps even more impressive is the price tag. Even buying it already set up on a computer, it is likely to cost us less than \$2000 (the final price will depend on the value of the Australian Dollar and Custom Duty).

We're hoping that soon we will be able to get a system that will suit our needs and save us many hours per week that can then be better spent on other things. This is a high priority project for 2011 and any support will be gratefully received.

*We give thanks for the opportunity to daily encourage people through radio ministry. We pray that we can grow and develop in our effectiveness.*

*We pray that financial resources will grow so that we can meet our regular transmission costs at the Loxton tower site.*

*We pray for new methods to improve our programming processes, so that we can better use our time and other resources.*

*We give thanks for our members, donors, sponsors and volunteer helpers, and pray that the Lord would bless and prosper them.*

## Dr Michael Youssef Sheep Among Wolves Tour 2011

Dr Michael Youssef is presenter of 'Leading the Way', aired on Riverland Life FM each Sunday at 8:00 am. He is coming to Australia for a series of capital city meetings and his topic will be 'Sheep Among Wolves'.

Born in Egypt and now based in the USA, Dr Youssef first became a pastor, married, and started family life in Australia. Singer-songwriter Steve Grace will be joining him at each venue.

'Now, as Christians are experiencing attack, harassment and ever increasing persecution around the world, even in the west, the temptation is for us to pull back and hide behind the church pews. In Matthew 10:16, we have this call, *I am sending you out as sheep among wolves. Therefore be as shrewd as snakes and as innocent as doves.* Come and be encouraged by a great time of praise and worship of God, and be blessed and challenged by His Word as we unpack what it means to be sent as SHEEP AMONG WOLVES.'

**6pm Sunday 29th May  
Edwardstown Baptist Church**

Cnr Rothesay Ave & Dorene St, St Marys, Adelaide

**Entry is by ticket only**

## Programming News

Riverland Life FM Music program, The Reality Zone, was wound up last month. Over many years, The Reality Zone team recorded hundreds of interviews with musicians and youth culture commentators. We have begun a new program in its place, **Behind The Music**, also sourced from Wes Jay at Woodlands Media. Behind The Music runs for half an hour and showcases the music of a particular artist or band.

Two episodes of *Behind The Music* are aired each week - 8pm Saturdays and 8pm Wednesdays.

## New Radio Spots

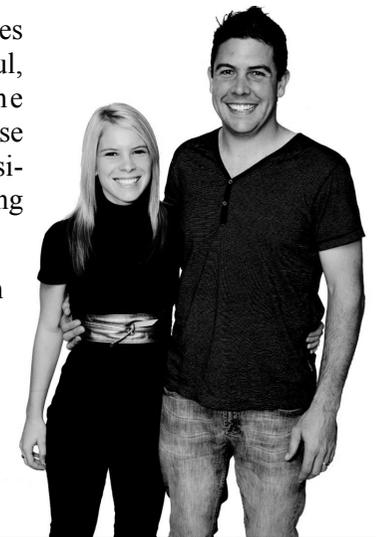

This year we concluded 'Life Matters', the long running series of inspirational radio spots by Adelaide pastor, Hans Voortman, as no new content was being recorded. In its place we are now running '**The Life Minute**' by Ben Windle (pictured left), Pastor at Life Place Church in Carindale, Queensland. Ben has a great take on what people go through every day and how to deal with daily problems. *The Life Minute* can be heard daily at 9:50am and 2:50pm on Riverland Life FM.

Also, listen out for the new '**Superkids**' radio spots by Gold Coast Children's Pastor Andy Kirk (pictured below) targeting an upper primary-early youth age audience and coming soon to Riverland Life FM.

'So much of today's media is negative, it teaches kids how to pay out, put down and speak harmful, discouraging words to others. The '**Superkids**' radio spots are designed to release children to be free to encourage, lift up and basically 'speak life' into other people without feeling like it's the wrong thing to do,' Andy says.

Andy Kirk is Children's Pastor of Metro Church on the Gold Coast and Queensland Kids R Us Director along with his wife Christie. For the past 12 years they have been pastoring children and have a passion to see kids grow to their full potential in life.

*Superkids* will air on weekdays at 3:50pm.
