## AGM time

It's that time of the year again! Our AGM is scheduled for 2pm on Sunday 21st October at the Berri Church of Christ and we'd love to see you there.

Some of our long-standing Board members are retiring this year. Serving on the Board of Management is a great avenue for people to participate in the mission of the station. If you are looking for an opportunity to help guide a ministry that reaches out with the message of Christ's love in a creative way and speaks His truth, touching lives every day, then come on Board! We are in real need of more people both in leadership and in the general operations of the station.

## Riverland Football Broadcast 2012

The broadcast of the Riverland Football League began this year with the Anzac Day match, and through the dedication of commentators Greg Graetz and Travis Dubrich and technical support personnel Mike Western and Scott Gillett, we made it all the way to the Grand Final! This huge commitment of time is much appreciated by both the station and the local football fraternity and we sincerely thank the team for all they've done.

We are also very grateful to our Football Broadcast sponsors, Cashflow Manager, Riverland Pools and Maintenance, and PH8 Water, for their valued support throughout the season.

## Notice of AGM

**Proudly supported by  
100.7 RIVERLAND LIFE FM**

# Wanted: Volunteers!

While Riverland Life FM is still in need of increased financial support, having the people to do all the tasks required to keep the station running is just as vital. We would like to see more announcers on air, and are also in urgent need of more people to help in administrative areas, including financial book-keeping and newsletter publications. (Please note, a moderate level of computer skills is needed in these areas.) We are also looking for more people to get involved in leadership on the Board of Management and/or participation in specific sub-committee areas. These areas include Promotions (including Sponsorship Sales), Partnership (communicating with our support base and developing working relationships with churches), Programming and Finance.

Riverland Life FM is a ministry where your contribution is helping to get the message of the Gospel out to our region and everyone who participates is actively sowing the seeds of the Kingdom of Heaven.

You may not feel in a position yourself to help, but please consider how you can promote the work of the station to others that may have skills and abilities and be called to serve God through radio ministry.

You are invited to contact the station to find out more.

## All over for Thursday Night Gig!

The Thursday Night Gig

began with Stacey Jeisman who trained up a number of announcers, including Edward James. Edward then went on to introduce his mate Luke McDonough to radio and they have continued producing the show on their own through their High School years. But all things come to an end eventually, and as both Edward and Luke are working hard to complete their year 12 studies, it's time to take a break. Our thanks to Edward and Luke and our appreciation for their dedication. We hope they enjoyed it and learned a lot.

## DIO-C Radio

DIO-C, our new venture giving children from local Catholic Primary Schools involvement in making radio shows, got off to a good start in the third school term. St Albert's Catholic School Year 7's got to be the guinea pigs and produced 4 shows, airing at 7pm on Fridays. Then St Joseph's in Renmark followed with their 4 shows. The students covered topics that interested them, including football, music, food and leisure activities and interviewed teachers and other children.

Our thanks to the principals and teachers, and a special thanks to Catholic Schools Pastoral Support Worker Gail Page for liaising between the schools and the station and participating with the children in making their radio shows. After the holiday break we look forward to hearing from students from Our Lady of the River School in Berri and St Joseph's in Barmera.
